

POSITION DESCRIPTION

PART-TIME TEACHER OF SCIENCE

DESIRABLE ATTRIBUTES:

The Teacher will be responsible for:

- The delivery of the curriculum, in the areas of junior Science and senior Physics
- Providing high-quality, specialist instruction in specified areas
- Using varied teaching approaches including ICT
- Being a positive, co-operative member of the Marsden Whitby staff (including pro-rata tutor group, duty and relief).

SPECIFIC REQUIREMENTS:

The Teacher will:

- be expected to foster responsibility within the school community
- be expected to undertake responsibility for curricular and extra curricular activities as required
- The Teacher will demonstrate loyalty to the school at all times and be prepared to contribute to the special character of Marsden Whitby.

TEACHING RESPONSIBILITIES:

The Teacher will be responsible to the Principal through the Director of Marsden Whitby and the designated Heads of Department for all activities within the School and will:

- be familiar with the New Zealand curriculum and, if appropriate, examinations and assessment issues
- be able to work positively and co-operatively within the Departments and Marsden Whitby staff team
- be an active, co-operative and positive participant in staff and Departmental planning
- fulfil all professional requirements as requested by the Principal, Director of Marsden Whitby or Heads of Department.
